WAR Y WORKERS  
READY FOR BIG  
WEEK'S DRIVE

Committeemen From Sixth District Meet at McKenzie to Receive Instructions

REV. BRUCE JACKSON TELLS OF CAMP DODGE

How Association Is Bringing Home Home to Lonely Soldier Boy and Defeating Vice

How the Y. M. C. A. barracks to which he is assigned as religious work secretary is daily bringing "home" to 2,000 boys in training for Uncle Sam's greatest national army, and how seven other big buildings, each with facilities for the accommodation of 7,000 men, are similarly engaged, was interestingly stated by Rev. Bruce Jackson, pastor of the First Baptist church at the McKenzie on Thursday evening when Y fund workers from the Sixth judicial district assembled at luncheon with Chairman J. A. Graham. Rev. Jackson was detailed to this work when Camp Dodge was established, and was given a year's leave of absence by his congregation. This visit, made in the interests of the North Dakota campaign for \$125,000 of the \$350,000 due fund which is to be raised in America the week beginning November 11, is the first which Mr. Jackson has paid to North Dakota and his home town since he took up this work.

Eight large buildings, each fully equipped, an auditorium and an administration building make up the War Y's plant at Camp Dodge, where 25,000 northwestern boys now are assembled. In charge is A. B. Dale, former state secretary for North Dakota. Each building has a staff of six secretaries—the auditing secretary, religious work secretary, educational secretary, athletic secretary, social secretary, and assistant business secretary. Assistant Secretary Dale in the general administration are Dr. J. M. Stifter as religious work director; Dr. Trowbridge of the University of Iowa as educational work director; and Coach Eizenhart of Carlton as head of athletic work.

**2,000 Boys a Day.**  
An average of 2,000 soldier boys every day pass through each of the eight Y buildings, and the needs of these young men are met in many ways. Free stationery is supplied; as many as 300 select service men may be seen at one time in any of the buildings "writing home," a big factor in keeping a youngster straight. The Y furnishes 50,000 sheets of stationery monthly to each building—more than a million for the camp. In the Y building the soldier boy may obtain stamps, send away his parcels post packages and buy money orders. From 6 a. m. until 10 p. m. each day the Y. M. C. A. forces are on the job. Every member serves a full six days each week with 24 hours off. Educational classes in French and English, wonderfully well patronized, are maintained in each building. Arithmetic, stenography—any course for which there is a demand—is offered by teachers drawn from the ranks and from civilians who volunteer from outside the camp.

**Religious Services.**  
Each company has its Y. M. C. A. council. Every Sunday morning meetings are held at the Y buildings for Bible study and the discussion of company interests from a clean life standpoint. Religious services are held every Sunday night, and the large auditoriums are jammed by boys who come to hear prominent clergymen from Des Moines and other points. Jew, Gentile, Catholic and Protestant make use of the buildings for their religious services.

All the leading newspapers of the country, including the North Dakota boys' home paper—The Tribune—are found on the reading tables. A library of 1,000 volumes is provided. A large fire-place makes the social room a place of heating and the long evenings when Uncle Sam throws the soldier boys on their own resources. More and more the boys are looking to the Y for entertainment which might else be found under less favorable auspices.

**Work in War Zone.**  
What the Y is doing in American cantonments, it plans to do on the European battlefronts—in France, Italy and Russia, and with the men of the American navy, wherever stationed. It hopes to preserve our boys "over there" and to bring them back to their families, sound and clean of body and soul. It hopes to successfully combat the armies of vice which seek out the homesick soldier when he is least able to resist. It hopes to save our boys from the inroads of venereal diseases, more deadly than the bullets of the guns. It seeks to maintain that morale so important to the success of an army.

To carry this campaign over a period of nine months, the Army and Navy Y. M. C. A. asks America for \$350,000—equivalent to the cost of 1.2 hours' warfare amongst the nations of the world. It asks North Dakota \$125,000, equivalent to \$12.50 for each of North Dakota's 10,000 young men who may ultimately join the ranks. Rev. Jackson expressed the opinion that after North Dakota's (Continued on Page Three)

America Has  
Sent Her Best  
Physicians

Charles Mayo Urges Doctors of Nation to Give More Time To War Relief

NO ONE CAN REALIZE SUFFERING IN TRENCHES

New York, Nov. 8.—America has sent an army of physicians and surgeons to the battle fields of Europe who are capable of leading and teaching in modern methods of war surgery. Sir Berkeley Moynihan, senior consulting surgeon of the British army, told 2,000 physicians at a dinner given here tonight by the New York state committee of the council of National Defense. Major Geo. W. Cline, of Cleveland, director of United States base hospital Number 4, now in France, said few Americans could realize the horror and suffering that is being borne by the valiant soldiers in the trenches in France and Belgium.

A duty rests upon American physicians and surgeons, Major Cline Mayo, of Rochester, Minn., declared in recounting his experience in attending wounded. He urged the medical profession to give more time and thought to war problems.

"Germany is stronger today than ever before," Sir Berkeley said. "She says she can put in the field from 1,000,000 to 1,500,000 fresh men every year."

"America must prepare herself for a war that is long and arduous."

319 HOME GUARD  
UNITS IN STATE  
SAYS UNCLE SAM

Official Report on Movement in North Dakota Shows Surprising Development

WASBURN AND GARRISON TO ORGANIZE COMPANIES

An official government report showing that about November 1, 319 fully organized home guard companies existed in North Dakota comes as a surprise to a majority of those unfamiliar with this movement. While much publicity has been given the formation of home guard companies in various sections of the state from time to time, the belief has been general that these organizations were confined to a few of the larger cities, and that their number did not exceed 25 at the outside.

There is no reason to believe that the figures quoted in the government report referred to are incorrect. With an average membership of only 25, which would be a most conservative estimate, this would give North Dakota an organized force for law and order of 4,735, more than equivalent in numbers to the two National Guard regiments which left this state to enter federal service.

In McLean County. State's Attorney John E. Williams of McLean county was at the capitol this morning in consultation with Capt. E. G. Wanner of the Bismarck Home Guard relative to the organization of companies at Washburn and Garrison. Both towns are enthusiastic over the prospect, and it is probable that guard organizations will be completed there within the next ten days.

Uniforms Here. A specimen uniform for the Bismarck Home Guard has been received and is on display in the Bergeson windows. The garments are of heavy cotton khaki of the regulation olive drab, and regulation leggings and the campaign hat of the United States Army. Uniforms are being made to the order of the guardsmen, who expect to blossom out soon in full regalia.

Bannerman & Co. the New York equipment house, now has the Bismarck Home Guard company's check for \$750 in payment for 100 Springfield carbines, with which the guard will be armed. Krags not being found available. These carbines will remain the permanent property of the guard, being purchased with funds subscribed by the people of Bismarck for this purpose.

A regular drill will be held by the Bismarck guard this evening at 7 o'clock sharp.

**TWO-CYLINDER PROTEST**  
Can't Get Cars Without Coal In 'Em—Fuel Held Up

Ayr, N. D., Nov. 9.—An Ayr elevator man writes to the North Dakota railway commission with two red ink protest. Cars cannot be obtained for the shipment of grain, he advises, unless they come in loaded with coal. He needs coal for his patrons and has had an order in for a month or two, but has been unable to get it. As a result, his bins are empty and the elevator is filling with grain to a point where he soon will be compelled to cease buying.

"BLIND DOCTOR"  
OF CLEVELAND  
MURDER VICTIM

Found in Hotel Room With a Shattered Skull, Slight Cline As to Assailant

POLICE FIND NAME ON PIECE OF PAPER

Dr. Harry Lorenze Chapin Was Well Known Traveler and Scenarist Writer

Cleveland, Ohio, Nov. 9.—The mystery surrounding the murder of Dr. Harry Lorenze Chapin, physician, author, and traveler, by an unidentified assailant in a room in a downtown hotel last night, remained unsolved today, although orders were issued today from police headquarters for the arrest of a man known to have been in Cleveland yesterday. Dr. Chapin's head was fractured by a blow on the back of the head.

Mrs. Chapin, who was the widow of Valentine Fries, wealthy Sandusky boat owner and lumberman, before she married the "blind doctor," as the murdered victim was known, told the police that her husband went to the hotel yesterday afternoon to meet a man who recently came from Chicago with whom he had business dealings in the past.

Some scrap paper found on the floor of the room, gave the police clues, believed to suggest a possible motive for the crime. Some of the scraps pieced together were found to describe a package shipped to Cleveland by a man in Chicago, and which the police believed was to be delivered to Dr. Chapin on payment of \$100. Hence investigation developed that Dr. Chapin within the week had withdrawn \$100 from a bank. On the pieces of scrap paper, the police discovered the name of a man, for whom search was instantly instituted.

Dr. Chapin, known to a wide circle of friends as "the blind doctor," was 47 years old, and had spent the greater part of his manhood in travel. He had been blinded when shortly after leaving college, he traveled to the ruins of Babylon in Mesopotamia, and neglected to wear a turban or dark glasses. Later an operation partly restored the sight and he was able to lead his way about without assistance. He had written several books and was the author of a number of photo play scenarios.

WILSON HISSED  
AT MEETING OF  
WOMEN'S PARTY

President's Name Draws Slurs from Former Pickets of White House.

SPEAKER REBUKES FEMININE OUTBURST

New York, N. Y., Nov. 9.—President Wilson was hissed at a meeting held today under the auspices of the national "one" party in celebration of the suffrage victory Tuesday in New York state. Several of the women who had served as pickets at the white house and who were arrested because of their activity appeared in workhouse garb.

It was when Dudley Field Malone was speaking that the president was hissed, and Mr. Malone rebuked the outburst.

"Don't do that," he said. "You must not blame the president. He is isolated away from the stream of things, surrounded by a group of advisers and he hasn't got the truth about suffrage. He will get it."

**COUNTRY CLUB ELECTS OFFICERS AND MAKES PLANS FOR MID-YEAR BALL**

O. N. Dunham was elected president of the Bismarck Country club at a meeting of the board this week. The other officers are vice-president, Bradley C. Marks; treasurer, E. H. L. Veserman; and secretary, H. C. Dohler. The new directors are H. P. Goldfarb, H. H. Steele and E. F. Tillotson.

Preliminary plans were also made for the New Year's ball which is the annual event of the mid-year. The trophies will be presented to the winners of the tournament at this time. The new board is planning for an active year for the club next season.

Miss Haldora Peterson of Pembina, after six years' service in the North Dakota public library commission, has resigned to accept a better position with the state engineer, and she is succeeded in the library by Miss Ethel Fleming of Bowman, formerly assistant to Secretary G. N. Keniston of the Bismarck Commercial club.

CONSERVATIVE  
MAY RESORT TO  
CIVIL STRUGGLE

Kerensky Expected to Head Army Unless Prevented by Rebels

AUSTRO-GERMANS HAVE CROSSED THE LIVENZA

Cadorna Falls Back on Piave Last Barrier Protecting City of Venice

Petrograd is under the control of the Maximilists, while Premier Kerensky has fled from the capital. The downfall of the authorities in Petrograd came suddenly and without bloodshed, and the several ministers of the Kerensky cabinet are in prison. Unofficial opinion in Allied capitals seems to be that the Maximilists attempt to guide the destinies of trouble-torn Russia will be short-lived. Civil war, with the more conservative element of Russia, opposed to the extremists of Petrograd, is not unlooked for. It is thought that even now, Kerensky at the head of loyal troops may be marching against the Bolsheviks.

**Lenine Heads Radicals.**  
Nikolai Lenine, who fled Petrograd, after the July failure, is again leading the Maximilists, who were aided by most of the Petrograd garrison and sailors from the Baltic fleet.

The action of the Maximilists has been endorsed by the All-Russian congress of the Soldiers' and Workmen's Council. A proclamation has been issued by the revolutionary government declaring that it proposes to negotiate an immediate democratic peace. It also plans to turn over all the land to the peasantry and to summon the constituent assembly.

Little serious fighting attended the revolt, the most important being the bombardment of the winter palace, the seat of the provisional government by the warship Aurora and the fortress of St. Peter and St. Paul. The palace held out for four hours.

**Force Crossing.**  
In northern Italy, the Austro-Germans have forced a crossing of the Livenza river and the Italians are retreating toward the Piave, the last strong natural line before Venice. General Cadorna's troops are making a general spirited resistance, especially on the upper Tagliamento and the upper Livenza.

An Italian attempt to hold out on the middle Tagliamento resulted in 17,000 including a general, being taken by the Austro-Germans. Increasing their capture, according to Berlin, to 250,000.

The invaders crossed the Livenza only after a vigorous attack, and near Citorio, the Italians were able to detain the advance. The Livenza is but a scant ten miles from the Piave, where General Cadorna probably will make a strong stand. British troops in Asia Minor continue successful operations. In Palestine, General Allenby's forces have made another advance toward Jerusalem. In Mesopotamia the British advancing up the Tigris have captured Tekrit, 90 miles northwest of Bagdad.

Land Agents Accused of Taking Young Women from Iowa to South Dakota.

**MOTHERS OF GIRLS FOLLOW IN PURSUIT**

Aberdeen, S. D., Nov. 9.—E. D. Foote, understood to be manager of the Oklahoma Indian land car which has been in this city for the past week, left town when his co-worker, Richard Lester, was taken into custody on a charge of white slavery, according to police officials.

The men are said to have taken two girls from Sioux City, Ia., to Sioux Falls, S. D., by automobile and brought them to this city on the land car. The mothers of the two girls arrived here this morning. Lester will be given a preliminary hearing early next week.

**RETURNS TO INDIANA**  
Son of Dennis Hannafin Was Here For Father's Funeral

Charles Hannafin, son and sole living relative of the late Dennis Hannafin, has returned to his home at East Gary, Ind., after attending the funeral of his father at St. Mary's cathedral. Had Hannafin lived until last night he would have had the pleasure of participating in the third annual reunion of the Burleigh County Pioneers' association, which he assisted in organizing in 1915, and in which he took a great interest.

Ohio Situation Confusing Owing To Differences in Tabulation

BOTH SIDES CLAIM A SAFE MAJORITY

Cincinnati, Nov. 9.—The wet and dry situation in Ohio today remained virtually unchanged, with the state in doubt as to whether prohibition had passed, or not, in the election last Tuesday. The wets based their assumption on certain victory over the prohibition forces are making open accusations of fraud.

Live leaders already have given warning that in case they lose, the question will be brought up again next year.

ANNEXATION  
OF POLAND TO  
AUSTRIA BANNED

Political Finds no Friends Among Press Opposed

PEACE ISSUES STILL PROMINENTLY DISCUSSED

Copenhagen, Nov. 9.—The proposed settlement of eastern problems by annexing Poland to Austria-Hungary and Courland and Lithuania to Germany has now friends in Germany, aside from the proponents of the idea. Virtually the entire press opposes it. The conservative and national organs are against it, because they fear the effect of such a step upon their own anti-Polish policy in regard to the Polish provinces of Prussia. The liberal and socialist newspapers are indignant at the attempt to decide the question involving the whole future of Germany behind the back of the Reichstag, and also resent the effort to overturn the anti-annexation peace policy set forth in the Reichstag resolution.

The socialist organ Vorwaert of Berlin, declares that this adoption of an annexationist policy in the most irretrievable form puts in the shade the crisis regarding the Chancellorship and all other developments of the day. It reminds the government that he Hapsburg Monarchy, two parts of which are absolutely non-German, while in the third, the German element has a hard struggle to retain its influence, they at no distant time become a military danger to Germany.

Agents and Spies Busy in Organizing Strikes—Military Sent to Scene of Trouble.

**NEW OUTBREAKS ARE CONSTANTLY ARISING**

Santa Anna, Pellerinamento, Brazil, Wednesday, Nov. 8.—The municipal authorities believe that the settlement of the strike which has been in progress here for some time is only temporary, and the Germans are forming a new walk out. The strike just settled was the third to come in quick succession, and like the others, has greatly interfered with the shipment of foodstuffs and other supplies to the allies. Officials believe these strikes are part of a revolutionary movement.

The government is maintaining strong forces throughout the affected district, and Brazilians are declared to be anxious for action against the Argentine troops as a result of persistent reports in official circles that Argentina is mobilizing near the southern Brazilian frontier. Officially, the Argentine's excuse that the mobilization is precautionary against a German uprising in Brazil, and fear a renewal of hostilities over the old boundary dispute which was settled some years ago by President Cleveland.

Among other international problems Brazil is faced by a renewal of activity propaganda by the monarchists. Brazil has prohibited entrance in the country of fugitive Germans. It is reported here that a national decree has been issued suspending the constitutional rights of Germans. The decree is expected to cause a new outbreak in the German provinces.

KERENSKY'S ARREST REPORTED  
THROUGH GERMAN DISPATCHES;  
LEON TROTZKY NEW DICTATOR

Korniloff Is Brought to Petrograd for Trial—Former Leader of Late Regime Address 6,000 Soldiers in Effort to Stem Counter Revolution

BLOODSHED FEARED BEFORE ORDER IS RESTORED AGAIN

Petrograd, Nov. 9.—At a session of the congress of soldiers' and workmen's deputies last night, a number of the revolutionary military committee said that on Wednesday Premier Kerensky at Gatchina, 23 miles from Petrograd addressed 6,000 soldiers who were on their way from the front to Petrograd. After a conference the soldiers decided not to proceed for the time to Petrograd.

**JOIN REVOLUTIONISTS.**

A telegram reaching Amsterdam from German source and forwarded by the Central News says the Russian army on the northern front has joined the Maximilists and is marching on Petrograd.

**KERENSKY ARRESTED.**

The Rheinische Westfalische Zeitung of Essen, Germany, publishes a Stockholm telegram saying that Premier Kerensky has been arrested. The military revolutionary committee has decided to bring General Korniloff later of the recent revolt and his supporters to Petrograd, and imprison them in the fortress of St. Peter and St. Paul. They will be brought to trial before a military revolutionary tribunal.

**TO PUNISH KORNILOFF.**

Leon Trotzky, president of the executive committee of the Petrograd Council of Soldiers' and Workmen's delegates explained that the arrest of certain members of the Kerensky government was not the act of vengeance or political suppression. He said all the members of the late government would be tried for complicity in the Korniloff movement.

The political parties to which the socialist ministers belong, have decided to turn over all the ministers, socialists, as well as others for trial. In the meanwhile they are being held under domiciliary arrest.

**ANIMATED SCENE.**

London, Nov. 9.—Scenes in and about the Smolny Institute, the headquarters of the workmen's and soldiers' organization in Petrograd and of the revolutionary committee, are described Thursday as follows:

"The Smolny Institute presents a scene of extraordinary animation. There is a perpetual coming and going of representatives from the provinces participating in the congress, delegates on the way to convey orders to the soldiers, sailors, and militia, and the Red Guard. A strong armed guard occupies the inner and surrounds the building, while several armored motor cars, bearing anti-aircraft guns are stationed in adjacent streets to insure protection to the headquarters.

The gardens around the institute are filled with motor cars to carry the representatives around the town. M. Nikolai Lenine accompanied by his lieutenant, Chlovieff, received an enthusiastic reception on his arrival.

From the institute, the revolutionary committee is issuing order after order for the occupation of railway stations and government institutions. The orders are promptly obeyed by the troops and the Red Guard. Detachments of soldiers are arriving from Kronstadt, while a cruiser and two torpedo boats are anchored in the river near the Nicholas bridge.

The Congress of Soldiers' and Workmen's Delegates today appealed to the Russian army to stand firm and to protect the revolution against imperialistic attempts, until the new government had obtained a democratic peace.

**FINANCED BY GERMANY.**

London, Nov. 9.—That the Russian coup d'etat was engineered and subsidized by Germany for the purpose of eliminating Russia from among her enemies, is the virtually unanimous opinion expressed in newspaper editorials. A correspondent view of the outlook is taken by some commentators, while others claim that the triumph of the Maximilists probably is a passing phase, and refuse to believe that they represent Russia, or that Russia will agree to a separate peace.

**BLAMES PACIFISTS.**  
Des Moines, Iowa, Nov. 9.—"Maximilists can no more control Russia than the I. W. W. can control the United States," in the opinion of Charles Edward Russell, member of the recent Root commission to Russia as expressed in an interview today.

In an address here last night, Mr. Russell declared the words of La Follette, Gronna, and Stone, have furnished food for the German propaganda that has been sent abroad the world, and instilled as a poison into the hearts of the Russians, until it has knocked all of the punch out of their army.

Lieutenants Berg and Loeschner, After Eluding the Officers in Several States, Arrested.

**JOURNEY 1,200 MILES, AND TAKEN IN TEXAS**

Laredo, Texas, Nov. 9.—Mistaking United States Customs Inspector Ramsey for a cowboy led to the arrest of Lieut. Hans Berg and Lieut. Alfred Loeschner, who on Oct. 23 escaped with 19 other Germans from the internment camp at Fort McPherson, Georgia.

A successful eluding of officers of several states in their 1,200 mile journey Berg and Loeschner had been in Laredo three days when Customs Inspector Ramsey discovered them today at Laredo, below Laredo on the Rio Grande waving to a Mexican on the southern side. The Germans, mistaking Ramsey for a cowboy, replying to a question as to what they wanted said:

"We are German prisoners who escaped from Fort McPherson. We are trying to get across into Mexico and from there will return to Germany."

Ramsey was joined by Customs Inspector Chamberlain and the officers immediately placed Berg and Loeschner under arrest. They were turned over to military authorities.

The prisoners, well supplied with money, calmly accepted arrest and internment.

**PHYSICAL DRILLS NOW ON PROGRAM AT FT. SNELLING**

Six Hundred Students at Officers Camp Take First Introduction to New Order.

**NEW TRAINING IS JUST INAUGURATED**

Fort Snelling, Minn., Nov. 9.—Standing with heads bared in the foggy and chilly air on the parade grounds at Fort Snelling late today, 600 students of the reserve officers training camp went through with uniformity rounds of physical drill under the direction of Major Herman F. Koehler, West Point instructor.

It was round after round of calisthenics in which the voice of Major Koehler was the great factor.

The first training of its kind in either of the officers camps, it will go down, in the opinion of army officers, as one of the most imposing sights which has been witnessed at Fort Snelling in connection with the work at either of the camps.

Next week the entire 1,100 students will line up for the drills.

Colonel A. M. Parmeter, commandant at Fort Snelling, Major A. M. Ferguson, senior instructor, and Captain Ira Longmeyer, camp adjutant, with virtually all of the other army officers and many spectators, witnessed the drills.

well, who pride themselves upon the quality of horseflesh this part of the state is producing and they felt no better lot could be provided than to have a government contractor on the scene when the horses are inspected. Mr. DeLaney informs us that the prices to be paid are as follows: Riding horses from \$50 pounds to 1,000 pounds are bringing \$115 a head; from 1,000 pounds to 1,100 pounds \$125 a head; light artillery horses, \$150 to 1,250 pounds \$140; 1,250 to 1,350 pounds \$150; 1,350 pounds and up \$160.

If the farmers arise to the occasion and furnish their best horses Mr. DeLaney thinks these two towns may possibly be designated as regular inspection places.

The farmers of the southwestern part of the state may well pride themselves upon being able to have so many government officials with them at one time. They are fast becoming known as breeders and raisers of stock second to none in North Dakota.

**Live Stock Blockade Will End When Cars Soon to Be Returned Are Back.**

**OPINION GIVEN BY WAR BOARD MEMBER**

St. Paul, Minn., Nov. 9.—The live stock embargo, ordered effective at the South St. Paul stockyards on Saturday, will be of short duration, Secretary Murnane of the railroad war board's car service believes.

The bulk of the shipments out of South St. Paul yards are made in cars supplied by the Chicago lines, Mr. Murnane said. "These cars are not available now, but are due to the diverted back to this territory within a few days."

**DETAIL OF RATES GIVEN AT HEARING**

Washington, Nov. 9.—Some of the railroads represented at the hearings on the proposed 15 per cent increase in freight rates submitted detailed statements to the commission today in which they elaborated on the testimony given yesterday. The hearings will be resumed tomorrow, with testimony regarding grain rates.

The railroads propose including live stock and meat traffic in the 15 per cent increase, and it was reported tonight that the carriers probably will offer no additional evidence on that subject, relying upon the representation made by their executives and counsel of what they described as a serious financial condition confronting the lines.

**IMMIGRATION WORKER HELD WHITE SLAYER**

Aberdeen, S. D., Nov. 9.—Richard Lester, employed with the Oklahoma land, which has been here for some time in immigration work, is under arrest on a white slavery charge, it being alleged by the police that he is responsible for the presence here of Blanche Lewis, 19, and Mary McKeevan, 15, who were apprehended upon instructions from federal authorities at Sioux City, Ia., where they are alleged to have disappeared from their homes about a week ago.

The fugitives were members of the crew of the Prince Eitel Frederick and were interned at the outbreak of the war. Loeschner is 39 years old, 5 feet 8 inches in height, fair, with blue eyes and light brown hair; Berg is 40 years old, 5 feet 7; fair, gray eyes, and light hair; Sabel is 25, 5 feet 4, fair with blue eyes and dark hair. Sabel is orderly to Berg, and the two may be found together.

**COAL SITUATION ACUTE; PARK RIVER BINS EMPTY**

**Less than Month's Supply Now on Hand—Large Deliveries Needed**

Park River, N. D., Nov. 9.—The coal situation in Park River is growing acute. It is estimated that only six weeks' supply of the season's requirements has been received to date. More coal must be procured during November or the people will suffer. Park River consumes about 2,500 tons of coal annually. Up to date coal dealers here have received little more than 900 tons, including bituminous and anthracite.

**GOES TO NEW ENGLAND & MONT.**

The Lankin houses at New England and Mont. N. D. brought such pressure upon L. S. DeLaney, government house contractor, to be in their respective cities, New England, Nov. 15, and Mont. **Try Musterole. See How Quickly It Relieves**

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). Always dependable.

The petitioners contend that funds were improperly transferred to the building fund and that the new county of Grant has no money with which it can legally pay the contractors for their work. Inasmuch as the issue largely involves the permanent location of a county seat for Grant, much interest attaches to the approaching hearing. The town of Carson was selected as the county seat by the board of commissioners named about a year ago by Governor Hanna, and the matter has never yet come to a vote of the people.

**Covers for 150 Laid at Banquet Planned to Celebrate Fifth Anniversary**

Anamoose, N. D., Nov. 9.—Plates for 150 were laid at the banquet given at the German Baptist church in honor of the fifth anniversary of Rev. G. Eichler as pastor. Rev. Eichler took charge here November 5, 1912, coming from Detroit, Mich. A review of his five years' services shows a material growth in church membership, in Sunday school attendance and in other branches of the organization.

Mott, N. D., Nov. 9.—Mrs. Rebecca Glenn is chairman of an enthusiastic knitting squad of 20 members or ganized at the home of Mrs. George A. Galloway. The organization is meeting with Mrs. Glenn every Tuesday afternoon and is turning out a tremendous amount of knitted goods for the Red Cross.

**ANOTHER DESCENDANT OF ONLY SURVIVOR OF MASSACRE A SOLDIER**

Aberdeen, S. D., Nov. 9.—A descendant of the Dakota's large galaxy of "only surviving scots of the Custer massacre," Mark Wells of Pierre, son of the late Scout Wells, has enlisted in the regular army through the local recruiting office. Young Wells bore a letter of introduction from the postmaster at Pierre declaring the bearer a son of the only member of General Custer's command to escape death at the Little Big Horn.

**Most Old People Are Constipated**

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. D. Caldwell, 455 Washington St., Monticello, Illinois.

splendid responses to the First and Second Liberty loan campaigns, the Red Cross and the first Y. M. C. A. campaigns, the raising of this fund will be a simple task.

**Worst Kind of Slacker.**  
P. T. Loomis of Fargo, a member of the state executive committee for the War Y campaign, spoke briefly, telling why this money is needed; what is to be done with it. District Chairman J. A. Graham explained the reason for calling the meetings; issued instructions to district workers and offered advice as to supplies and methods of making reports. Secretary George N. Keniston of the Bismarck Commercial club, fresh from a campaign in the western part of the state, told of the splendid reception which Y workers are receiving everywhere, and urged everyone to buckle into the campaign and to not slow down until the committees are all over the top at the end of the week. The most commendable form of slacker, he declared, is the man who because of age or physical infirmity is exempt from service, and who sits

back and pinches his dollars until the eagle screams. The boys who have given up positions and homes and prospects fully as good as those of the men who remain at home are making a sacrifice that hurts, and any stay-at-home who does not dig down into his pocket and pay until it hurts is a slacker of the worst type. City Chairman C. B. Allen delivered a message of courage and confidence to the Bismarck teams, and the session adjourned.

Committeemen were present from every county and practically every town in the district.

## RUSSIAN BROIL OVERSHADOWS OTHER EVENTS

BY ASSOCIATED PRESS.

Reports from German sources today furnished virtually the only fresh news regarding the Russian situation, where the Maximilists are in control of Petrograd, and are appealing to the army to support it "against imperialistic attempts," until it has obtained a democratic peace.

One of these reports, which was entirely without confirmation, was that Premier Kerensky, who left the capital before the extremists gained the ascendancy had been arrested. Another German report, unconfirmed, declared the Russian army on the northern front had joined the Maximilists' movement and had marched on Petrograd.

Confirmation was obtained tonight that the former Ministers of the provisional government, who were arrested by the military revolutionary committee, have been incarcerated in the fortress of St. Peter and St. Paul. The cabinet, he said, were all arrested were A. I. Kononov, minister of trade and industry; M. Kishkin, minister of public welfare; M. Tereschenko, minister of foreign affairs; M. Nalyonovitch, minister of justice, and M. Nitkin, minister of the interior.

**Solitary confinement.**

The confirmation was given by the commissioner in command of the fortress, who received the Associated Press correspondent and personally explained to him the details regarding the confinement of the ministers. The cabinet, he said, were all arrested at the winter palace, after its surrender early this morning. They were taken to the fortress, where they were placed in solitary confinement.

**Casualties Uncertain.**

It is impossible at this hour to ascertain what the casualties were in the winter palace battle, although they are reported not to have been many. The fighting proceeded with the rival forces alternately in possession of the huge piles of wood stored in the plaza, a part of the winter's fuel supply. The palace, which already had been stripped of most of its historic art objects, was completely denuded this afternoon of its tapestry and paintings. This was while the provisional government was still in control of the palace. The treasures were taken to a place of permanent safety.

A party of soldiers' and workmen's delegates did not see any of the shells take effect upon the palace. In it, as also in the admiralty and foreign office buildings on the other side of the square, lights were still shining from the windows at midnight. Occasional crashes as if of falling walls indicated that perhaps other structures had been hit.

The populace for the most part, remained indoors. A few of the curious peered around the corners, while thousands of the Maximilists' soldiers and sailors gathered around the fuel piles at advantageous spots awaiting their part in the battle.

Fargo, N. D., Nov. 9.—Chairman L. B. Hanna of the North Dakota liberty loan committee tonight announced that the state subscriptions to liberty bonds in the second campaign were \$10,268,000. This does not include \$300,000 subscribed by the Great Northern previously credited to this state, because it was found that the company paid in New York, full credit for which was taken by that state.

**OLD TIMERS HOLD  
BIG REUNION HERE**  
Over 300 pioneers of Bismarck and Burleigh county assembled last evening in the Knights of Columbus hall for a big reunion of the first families. This was the third annual reunion the Burleigh County Pioneer association has held since its inception three years ago. Many from the rural districts and the surrounding towns attended. Dancing and cards formed the amusements and splendid music was furnished by a three piece orchestra. Gen. E. A. Williams was re-elected president of the association by a unanimous vote. The other officers are: Vice presidents, Mrs. Phoebe Marsh, Mrs. J. P. Dunn, Mrs. J. W. Hurch, secretary, Mrs. W. A. Falconer and treasurer, Mrs. Austin Logan. Plans were discussed to hold a picnic next summer and to make it an annual event. Among the out-of-town guests was Mrs. Chester King of Minneapolis, who is spending some time in the city visiting her daughter, Mrs. Boyd, who recently came here from Menoken. Mrs. King, who is a sister of the late Judge Winchester, first came to Bismarck 44 years ago. Her meeting with the old timers last evening was one of the pleasant events of the gathering.

## RECREATION SERVICE

President Wilson himself has directed the attention of the chambers of commerce and citizens of American communities in the training camp districts to one big way in which they can do a valuable war bit.  
 "The greatest civilian gathering in Washington since the war began," is one of the observer's appraisal of the convention in Washington late in October at which the activities of the War-Camp Community Recreation Service were planned.  
 "Recreation" inside the camps is being taken care of by many agencies, from the Y. M. C. A. up and down. What happens to the soldier in training when he gets beyond the camp boundaries becomes most important. The War-Camp Recreation Service would surround each training camp with a zone of hospitable homes and social circles welcoming the men in training into a round of pleasurable recreation.  
 Clean camp life is fine. But all these men now in camp come from homes. The change is a big one. What they need most to relieve camp life is clean home life.

## ANSWER TO GERMANY

In the past few months the German press and press have suddenly ceased their pretense of paying little attention to what America is preparing to do in the war.  
 The full state of facts may not be known to the plain people, but the "all-highest circles" reveal enough to make the Germans view the future with apprehension.  
 They are, therefore, acting true to form. They are now singing their hymn of hate aloud.  
 First is was leveled at the French, then at the English. Now it is our turn.  
 Abuse is heaped upon President Wilson for declining to talk peace with the murderous crew now in control of the German empire.  
 Cheers are brought to German hearts by assuring the faithful the American army is a joke, and that our navy cannot hope to cope with the submarine menace.  
 Editors lick their lips over fond dreams of indemnities they are going to exact from us, and over visions of preparations to secure outposts for the future war they are going to make upon us.  
 We are told Germany's answer to President Wilson's insult to the German kaiser and the German people will be shown in the success of the seventh war loan. And, indeed, it has been a surprising success, something over three billion dollars being secured.  
 The American people are determined to match soldier for soldier with the kaiser until he is defeated. We are determined to match dollar for dollar with the German nation—and then some. We had the opportunity in the second Liberty Loan.

British hospital surgeons are adopting green uniforms because that color is easier on the patients' eyes than white. Cheers up, the wounded Irish soldiers, too.

## THE WAR MENU.

People are reluctant to change life-long habits. Universal co-operation in a plan for such change is almost impossible because one family or fellow citizen upon the other family or fellow to do it and so the plan fails or moves slowly.  
 It is becoming evident that, despite food administrators regulations, the baker who grinds and the baker who bakes will generally speaking, take no part in the saving of wheat, under present popular demands of white bread.  
 War flour and war bread—that seems to be what we are coming to. The food administration will have to prohibit the making and sale of white bread on certain days of the week. Such policy may be hatefully German, but it works.  
 How much better that every family should have two or three "Johnny bread" days a week! Uncle Sam has more corn than he can handle in ordinary ways. If this fine human food doesn't go into humans, it will go into hogs, and then the humans will shrink because charged seventeen prices for hogs.

## SHIPS, SHIPS, SHIPS!

Speaking of the increase in destruction of British ships by U-boats and mines, the N. Y. World tries to provide cheer by remarking, "but the general average is still tending downwards."  
 There's cheer in it, provided that the general average of British ships destroyed is not also tending downwards. You cannot reasonably expect a full game bag from ground that's been well hunted over.  
 Lord Northcliffe has consistently urged, from the day he landed in America, that solution of this war problem lay in ships, ships and more ships. And the proposition is self-evident. Our big armies and our big crops can do Europe no good unless transported, and the biggest information that can be sent out of Washington is that about our ships, in hand, in building and proposed. The country has shown its readiness to fill every ship that floats or can be floated.

A Michigander has invented a clip to hold a cow's tail while she's being milked. The world has sure progressed since we used to try to sit on a cow's tail and a one-legged stool simultaneously.

One of the most distinguished surgeons in the British Isles is a woman, and she's going into the army. How this war does make woman shine!

United States contains 6,000,000 country girls, says a statistician. And every last one of them is trying to be civilized.

Denmark will reduce her standing army to 20,000 men. There's another easy mark for the Kaiser.

Begins to look as if the Kaiser considered Italy a suitable "spot in the sun."

## READERS' COLUMN

### DOES NOT LIKE NAME

"Bismarck, N. D., Nov. 6, 1917.  
 "Bismarck Tribune:  
 "I have noticed by your very excellent paper that you have always stood up for American principles and I am surprised to see that you have not raised your voice in protest against the German-Hungarian Coal company which has just been born in Stark county at the town of Lefor. This state. If this is not a real insult to the American people I have missed my guess. It is like shaking a red flag in a bull's face. The attention of the Federal government should be called to this outrage. I am a traveling man living at Bloomington, Ill., and I dare say that if such a thing would be a hanging bee and we would have a few less German-Hungarians. If you people out here can't do anything else you can remember the brand of coal you buy. I am surprised that as many Americans as there are in Bismarck and vicinity that you would tolerate such an insult. Wake up. Down with Germany. Up with Old Glory. The stars and stripes forever. My great grand-father fought in the Revolutionary War. Yours for America.  
 "FRED GORDON.

EDITOR'S NOTE.—The Tribune rather pointedly commented at the time of the incorporation of the German-Hungarian Coal company upon the questionable taste displayed by Lefor citizens in combining the name of America's two principal foes in the world's war for democracy which are quite generally being dropped by corporations elsewhere in America.

# REVOLUTIONARIES DECLARE FOR PEACE

Petrograd in the Throes of Upheaval, with Proletariat in Command of Civil and Military Resources—Rebels Seize Government and Arrest Provisional Administrators.  
**WITHDRAWAL FROM WAR IS SLOGAN OF THE MAXIMILISTS**  
 Government at Washington Deeply Exercised by Debacle in the Russian Experiment in Democracy, But Hopeful That Crisis May Pass and Order and Sanity Return.

Petrograd, Nov. 9.—The Maximilists, with the support of the Petrograd garrison, have obtained control of Petrograd, deposed Kerensky, who, it is said, has fled the city, placed under arrest a number of his ministers, and proclaimed a new government with immediate peace its first objective.

Petrograd, Nov. 9.—Government forces holding the winter palace were compelled to capitulate early this morning under the fire of the cruiser Aurora and the cannon of the St. Peter and St. Paul fortress across the Neva river. At 2 o'clock this morning the women's battalion, which had been defending the winter palace, surrendered.

The workmen's and soldiers' delegates are in complete control of the city.

Premier Kerensky was reported last night at Luga, 85 miles southwest of Petrograd.

Late yesterday evening after the government forces had been driven into the winter palace, the palace was besieged and a lively fight of machine guns and rifles began. The cruiser Aurora, which was moored at the Nicolai bridge, moved up within range, firing shrapnel. Meanwhile the guns of the St. Peter and St. Paul fortress opened fire.

The palace stood out under the glare of the searchlights of the cruiser and offered a good target for the guns. The defenders held out for hours, replying as best they could with machine guns and rifle.

There was spasmodic firing in other parts of the city, but the workmen's and soldiers' troops took every means to protect citizens, who were ordered to their quarters. The bridges and the Nevsky Prospekt, which early in the afternoon were in the hands of the government forces, were captured and held during the night by the workmen's and soldiers' troops.

The battle at the palace, which began shortly after 6 o'clock, was a spectacular one, armed cars of the revolutionists swinging into action in front of the palace gates, while flashes from the Neva were followed by the explosion of shells from the guns of the Aurora.

The Russian cruiser Aurora is a vessel of 6,700 tons and has a complement of 573 men. She was built in 1900 and carries ten 6-inch guns, 20 12-pounders and eight small guns. She is also armed with two torpedo tubes.

Prior to the attack on the winter palace the workmen's and soldiers' leaders, in the name of the Bolsheviks of Petrograd sent the provisional government an ultimatum demanding they surrender and allowing 20 minutes' grace. The government replied indirectly, refusing to recognize the military committee.

**ARREST KERENSKY MINISTERS.**  
 London, Nov. 9.—The semi-official news agency gives the names of the cabinet ministers in the Kerensky government arrested as follows: A. I. Kovalev, minister of trade and industry; M. Kishkin, minister of public welfare; M. I. Tereschenko, minister of foreign affairs; M. Malyanovitch, minister of justice; M. Nikitin, minister of the interior.

**WENT TO THE FRONT?**  
 Petrograd, Nov. 9.—At the winter palace this afternoon it was said that Premier Kerensky had gone to the front, delegating his authority to M. Kishkin, minister of public welfare.

**INFORMED OF PLOT.**  
 London, Nov. 9.—Opinion is expressed in Russian circles in London that M. Kerensky, who early was advised of the intentions of Nikolai Lenin, the government, removed the seat of government to Moscow and from there will endeavor to unite the moderates against the Maximilists and also to rally to his support cosacks and such other troops who have not already gone over to the extremists.

Official Denial.  
 It is officially announced from Petrograd, through the Wireless Press, that no headquarters communique was issued today.

**PLANS OF REVOLUTIONISTS.**  
 Petrograd, Nov. 9.—The general congress of workmen's and soldiers' delegates of all Russia was convened here last night with 560 delegates in attendance. The chairman declared that the time was ripe for the revolution and that the congress approved was as follows:  
 First—Organization of power.  
 Second—Peace and war.  
 Third—A constituent assembly.

The officers elected comprise 11 Maximilists, including Nikolai Lenin, the radical socialist leader, and M. Zinovief, an associate of Lenin, and Leon Trotsky, president of the Petrograd legislative committee of the Petrograd council of workmen's and soldiers' delegates. In addition seven revolutionary socialists were appointed.

A delegation was named to initiate peace negotiations with the other revolutionary and democratic organizations. "With a view to taking steps to stop bloodshed."

The official news agency today made public the following statement:  
 "The congress of the councils of workmen's and soldiers' delegates of all Russia, which opened last evening, issued this morning the three following proclamations:  
 "To all provincial councils of workmen's and soldiers' and peasant's delegates.  
 "All power lies in the workmen's and soldiers' delegates. Government commissaries are relieved of their functions. Presidents of the workmen's and soldiers' delegates are to communicate direct with the revolutionary government. All members of agricultural committees who have been arrested to be set at liberty immediately and the commissaries who arrested them are in turn to be arrested."

"The second proclamation reads as follows:  
 "The death penalty, re-established at the front by Premier Kerensky, is abolished, and complete freedom for political propaganda has been established at the front. All revolutionary soldiers and officers who have been arrested for complicity in the so-called political crimes are to be set at liberty immediately.  
 "The third proclamation says:  
 "Premier Minister Kerensky, Tereschenko, Malyanovitch, Nikitin and others have been arrested by the revolutionary committee.  
 "M. Kerensky has taken flight and all military bodies have been empowered to take all possible measures to arrest Kerensky and bring him back to Petrograd. All complicity with M. Kerensky will be dealt with as high treason.  
 "Kibkalo Lenin was introduced by Trotsky as an 'Old, old comrade, whom we welcome back.'  
 "Lenine said: 'Now we have a revolution. The peasants and workmen control the government.'

## Military Committee of Russian Revolutionists Demands Peace at Once

Petrograd, Nov. 9.—The British admiralty, per Wireless Press, has received the following:

The military revolutionary committee of the central council of workmen's and soldiers' delegates says: "We have deposed, without bloodshed the government which rose against the revolution."

It proclaims the authority of the military revolutionary committee, and says that the officers who do not openly join the movement must immediately be arrested.

Uncertain military detachments, the proclamation adds, must not be permitted to leave the front for Petrograd. Where persuasion fails, the statement says, force must be used without mercy.

The Petrograd council of workmen's and soldiers' delegates considers this to be the program of the new authority, says the proclamation of the revolutionary committee.

First—The offer of an immediate democratic peace.

Second—The immediate handing over of large proprietorial lands to the peasants.

Third—The transmission of all authority to the council of soldiers' and workmen's delegates.

Fourth—The honest convocation of a constitutional assembly.

The military revolutionary committee says that if the military detachments to the front for Petrograd. They should use persuasion, but if this fails, they must oppose any such action on the part of these detachments, by force, without mercy.

The actual order must be read immediately to all military detachments in all arms. The suppression of order from the rank and file of the army organizations is equivalent to a great crime against the revolution, and will be punished by all the strength of the revolutionary law.

Soldiers for peace, for bread, for land, and for the power of the people.

(Signed) THE REVOLUTIONARY MILITARY COMMITTEE.

of a majority of the large population of that ancient capital.  
 An obstacle to the success of such a plan is found in the possibility that Korniloff, embittered by the treatment he had received at the hands of Kerensky when the latter was vacillating between the radicals and conservatives, might refuse to risk his future further upon such an uncertain leader. Some officials think this compromise is largely responsible for his disaster.

In view of the intensity of the democratic spirit developed in Russia since the overthrow of the czar, it is regarded here as difficult to conceive of the appearance of any other form of government other than a republic, yet in diplomatic circles where the peculiar temperament of the Russian masses is well understood, the opinion is expressed that out of an anarchy a majority of the people might suddenly decide to confide their destinies in a dictator, thereby following in the footsteps of the radicals in the French revolution.

Recalling that even the bolsheviks themselves have declared for "a democratic peace," which is opposed to the German idea, it is believed hardly possible on that basis that Germany could entertain proposals from the Maximilists for either a peace or an armistice.

It is pointed out, too, that even the Germans did make a separate peace with the Maximilists, the fact that this party represents only a small section of the Russian people would make it necessary for the central powers to continue to maintain a large military force on the border to guard against an offensive from the other element.

Therefore it is hoped that the military situation will not change materially for the worse for the entente powers. If any considerable portion of the Russian army can be kept in the trenches, the advent of winter will prevent the German troops who face them from taking advantage of any temporary weakness to start an offensive.

**ROSEBUD INDIAN PUTS \$20,000 INTO LIBERTY**  
 Pierre, S. D., Nov. 9.—Alex Boudreau, a Rosebud Indian who purchased \$20,000 of the second Liberty Loan through the Mellette county state bank of White River, is believed to be the heaviest buyer of bonds among native Americans in the United States, having only one or two Indian oil magnates in the Oklahoma fields.

**BRITISH TAKE TEKREIT.**  
 London, Nov. 9.—Tekreit, on the Tigris river in Mesopotamia, 90 miles northwest of Bagdad, was occupied by the British on Nov. 6, the war office announced today.

**GOVERNORS ASKED TO TAKE PART IN LOYALTY MEETING**  
 St. Paul, Minn., Nov. 9.—Governors of Montana, North and South Dakota, Wisconsin, Illinois and Kansas today were invited by Governor Burnquist to attend the Northwest Loyalty meeting in St. Paul and Minneapolis, November 10-12. A letter from Joseph D. Smith, secretary to President Wilson, informed the committee in charge that George Fred, chairman of the public information committee had been given the task of assigning speakers to the meeting.

**BOY AND GIRL ROMANCE CULMINATES IN WEDDING**  
 Shields, N. D., Nov. 9.—A boy and girl school romance culminated in the marriage at Jamestown of Fred L. Port and Miss Mabel Davis, who are now at home to their friends here. Fred L. Port is the only son of Mr. and Mrs. Peter Port, among the earliest settlers of the region. The bride is a daughter of Mr. and Mrs. Thomas Davis, prominent residents of Jamestown. The young people met in their freshmen days at Jamestown college.

## WESTERN MARKETS; GRAIN, POVISIONS CATTLE AND HOGS

The Day's News from Boards of Trade and Stockyards of Great Central West.

### NEW YORK FINANCIAL.

New York, Nov. 8.—Stocks experienced their worst decline of the year today, falling three to eight points on revival of liquidation, provoked largely by the latest political crisis in Russia. Bonds also were affected to an unusual degree and remittances to Russia and Italy established lowest records since the war.

An echo of the recent election and its possible bearing upon corporate issues was furnished by the extreme weakness of local transactions, which broke severely, affecting utilities of national prominence, such as American Telephone and Western Union Telegraph.

The session opened with every promise of further betterment, as suggested by yesterday's general and substantial advance. Shipping was featured, the early rise of oil to three points, with copper and steel, the latter being moderately stimulated by the more settled conditions in that industry.

All gains were ruthlessly swept aside on the first advice from Petrograd, the market reacting sharply before the end of the first hour. Selling in enormous volume continued up to the final hour, when short covering brought about temporary recoveries of two to four points. These, however, were again largely lost in a fresh wave of liquidation just before the feverish close.

Standard rails and the most favored industrials were again the features of greatest weakness. All the Pacifics, Grangers, coalers and trunk lines fell to new minimums. United States Steel reacted from 85% to the new year's low record of 83%, closing at 80%, a net loss of 4%, and other equipments and specialties registered similar or more serious impairment. Sales amounted to 1,289,000 shares.

War flotations were the heaviest feature of the bond market. The liberty 4's held at par, but the 3 1/2's fell from 99.52 to the new low quotation of 99.36. Bond sales (par values) aggregated \$4,375,000.

United States coupon and registered 2's and 4's declined 1/4 per cent on call.

### MONEY MARKET.

New York, Nov. 8.—Merchandise paper, 5 1/2 per cent; bar silver, 86 1/4; Mexican dollars, 65 1/4; government bonds, heavy; railroad bonds, weak.

## SOCIETY

### R. C. Chapter Asks For All Finished Knitted Articles For Shipment Saturday

The local Red Cross chapter is asking that all finished knitted articles be turned in to headquarters by Saturday night so the monthly shipment can be sent off to the national society as requested. The great need for sweaters and socks at this time necessitates an early shipment. Mrs. Whitney is anxious that as many as possible turn in their work early so as not to handicap the packing.

**Sends Christmas Boxes**  
Seventy-five Christmas gift boxes were shipped east Wednesday night by the local chapter to be sent on Uncle Sam's Christmas ship which will leave New York for France next week. This makes a total of 175 Christmas gift boxes to be sent from the local chapter, seventy-five more than quota. The chapter is now busy getting the gift boxes ready for the boys at the various cantonnements in America.

The big drive for members for the Red Cross conducted this week by the local chapter in the city and county established a record in Red Cross affairs. More than 10 per cent of the county's population became members and subscribed an average of \$20 a person to the Red Cross fund. The cards were liberally signed for a number of hours' work each week.

Three new sewing machines have been added to the list of Red Cross machines and the rooms have been crowded this week with workers. The list of garments finished will be greatly in excess of previous weeks. A number of the church and social

**Realize Large Sum.**  
The women of the First Baptist church will realize over \$75.00 from their annual supper which they served Thursday evening in the lower church parlors. Over 150 plates were served.

**Money for Comfort Kits.**  
The Hazelton branch of the W. C. T. U. gave an entertainment Tuesday evening in the Hazelton Presbyterian church and realized the sum of \$22.86, which will be used to furnish comfort kits for the soldiers. A literary and musical program was presented.

**To Study Nursing.**  
Three prominent Minot girls will leave about the middle of this month for Los Angeles, Cal., where they will study nursing at the California hospital in that city. They are Miss Marie Fauchald, eldest daughter of Mr. and Mrs. Julius Fauchald, Miss Clara Reishus, daughter of Mr. and Mrs. George Reishus, and Miss Olla Stramsrud.

### MRS. REMINGTON VISITS CHAPTERS IN HER DIVISION

Mrs. P. C. Remington is expected home this evening from a tour of the southwestern division of which she is in charge. Mrs. Remington has visited a number of the Red Cross chapters and auxiliaries in the counties comprising the division.

Plans are being made by the secretaries of the four divisions, Mrs. N. C. Young, Fargo; Mrs. E. B. Goss, Minot; Miss Helen Clements of Grand Forks; and Mrs. Remington, for the conducting of a week's instruction in Red Cross work beginning next Tuesday and continuing through Saturday, November 17.

### PERSONAL NOTES

Mr and Mrs. C. W. Stewart of Wilton, were in the city Thursday and while here attended the production of "Miss Springtime" at the Auditorium.

Mrs. F. S. Talcott of the Penitentiary road, returned the first of the week from Minneapolis, where she visited her son Porter Talcott, who is in training at Fort Snelling.

Mrs. Frank Snyder of this place has been called to Glendive, Mont., by the serious illness of her father.

Mrs. C. L. Love of Mandan, has returned from Omaha and points in Iowa and Minnesota. While in the east she attended the meeting of the supreme council of the P. E. O. Sisterhood held in Omaha. Mrs. Love

represented the sisterhood of North Dakota.

Mrs. Haigh, mother of Mrs. L. E. Maynard of Avenue A, returned Thursday from Jamestown where she spent several days visiting friends.

Miss Dietrich of St. Paul arrived in the city Thursday and will spend some time here as the guest of her parents, Mr. and Mrs. Joseph Dietrich of Thayer street, and sister, Mrs. P. E. Byrne of Avenue A.

Dr. R. H. Treacy returned from the twin cities yesterday for a visit with his family here.

Among the prominent women from the surrounding towns, who are spending the week in the city visiting friends and shopping are Mrs. M. B. Finseth, Driscoll; Mrs. Richard Spielman, Mrs. J. Hess and Mrs. W. Sheaffer of Flasher; Mrs. A. T. Welch Monoken; Mrs. E. B. Miller and daughter, Steele; and Mrs. Maugan of Washburn, the latter a sister of Miss Josephine Hamel, formerly of the high school faculty.

### 'THE BARRIER'

From the first showing of "The Barrier" by Rex Beach from his famous novel, at the Broadway theatre in New York, this wonderful picture has proved an amazing success. It captured the big audience at the very start. It held them breathless through scene after scene of swift, stirring action. It called forth waves of applause as the thrilling climaxes were reached. And all because "The Barrier" is a great picture greatly produced—the highest development of the photodrama.

A unique phase of the New York run is that the press has been abso-

lutely unanimous in praise of "The Barrier". The entire production was made under the direct supervision of Mr. Beach himself who organized the Rex Beach Pictures Co. to produce in moving pictures his many popular novels. "The Barrier" will be seen at the Grand Theatre Friday and Saturday.

# CREAT NORTHERN INSTALLS BLOCK SIGNAL SYSTEM

Company Contemplates Improve  
ments in Line of Safety First  
to Cost Over One Million

## IN NORTH DAKOTA AND MOUNTAIN SECTIONS

St. Paul, Minn., Nov. 9.—Announce-  
ment was made today that the Great  
Northern is planning the installation  
of a \$1,500,000 block signal system  
on its lines in western North Dakota  
and the Rocky Mountain section.

An order for automatic block signal  
equipment for 200 miles of track  
between Blackfoot, Mont., and Bon-  
ners Ferry, Idaho at an approximate  
cost of \$700,000 has already been placed  
and officials are working on plan  
for similar equipment over 414 miles  
between Shelby Junction and Williston,  
N. D.

The installation of the block sys-  
tem over the first 200 miles will be  
completed immediately. This will protect  
the line across the continental divide  
through Glacier Park and along the  
length of Kootenai Canyon through  
the Cabinet mountains a line sys-  
tem is operative over the Cascades  
div.

Work on the Dakota line from Wil-  
son westward, will be started when  
the system is put in operation on the  
mountain section.

The Northern Pacific railway re-  
cently announced that plans had been  
completed for the installation of a  
block signal system on several units  
of its lines in Minnesota, Montana  
and Washington at a cost of half a  
million dollars.

## MILITARY POLICE SAVE NEGRO FROM VIGILANTES' GRIP

Black Chauffeur Is Accused of  
Knocking White Woman  
Down with Auto.

### SEIZED BY POSSE AND SPIRITED AWAY

Montgomery, Ala., Nov. 8.—Quick  
work by the military police early to-  
night, coupled with the determination  
of Maj. John C. Fulton, commander of  
the tenth training battalion (negroes),  
prevented serious trouble when some  
of the negro soldiers became excited  
over the report that one of their com-  
rades had been captured by a mob.

For a time it appeared there was dan-  
ger of a race riot, but the military  
police took the situation in hand and  
at midnight everything was quiet with  
most of the soldiers in quarters and  
a cordon of sentries out with orders  
to arrest and hold all stragglers.

The trouble started when Jim Long,  
a negro chauffeur, was arrested after  
running into a white woman. Long  
was taken to the police station and  
released on bond, but the negro sol-  
diers heard that "A soldier is being  
taken out to be lynched," and started  
out to rescue their comrade.

As the soldiers started through the  
streets they were joined by several  
hundred others, with a large number  
of white persons.

Military police went to the center  
of the disturbance and sent about 70  
of the soldiers to headquarters for in-  
terrogation. They were later sent to  
camp under guard.

"It is deplorable that this thing  
happened," Major Fulton said tonight,  
"and the trouble will be threshed  
down to the very bottom. If any of  
my men have been guilty of conduct  
unbecoming a soldier you may be as-

# TOWNLEY'S MILLION-DOLLAR CORPORATION TO CUT MELON

Local stockholders of the League  
Exchange, a nonpartisan league cor-  
poration with a capital stock of \$1,  
000,000 are advised by Thomas N.  
Key, treasurer, writing from the  
home office at St. Paul that a melon  
is soon to be cut. Although the fact  
was not brought out in the recent  
bankruptcy hearing A. C. Townley,  
president of the league corporation,  
director in this giant corporation, and  
G. B. Wood of Deering, one of the  
three men who control the national  
nonpartisan league and the North Da-  
kota organization, also is a member  
of the board.

Treasurer Key's letter reads: Dear  
stockholder—It is with pleasure that  
we write you regarding the condition  
of the League Exchange, Inc. While  
the crop conditions in North Dakota  
have not been as good as generally  
anticipated, this corporation has been  
able to do a very nice business for  
the past year, and we figure on de-

claring a dividend of five per cent  
about December 1, 1917. This dividend,  
of course, will be a cash payment to  
the members who have subscribed  
cash or paid their notes, and in or-  
der to continue the good work that is  
now established, it is earnestly de-  
sired by the board of directors that  
members get their shares of stock as  
soon as possible. The shares now  
due in which case stock certificates  
will be issued and they will share in  
the cash dividend. Those members  
however, who find it impossible to  
pay their notes at maturity, will be  
credited on their dividend payment  
on such notes. We would urge, how-  
ever, that you pay your note if pos-  
sible.

"It is rumored that some of the  
stockholders who have given notes  
feel that the stock should be issued  
before the notes are paid. It is  
customary for all corporations not  
to issue their stock until it has been  
paid for in cash."

secured that they will be punished to  
the very limit."

The negro battalion comprises for-  
mer Ohio national guardsmen.

## FARM HELP FOR COMING SEASON UNDER REVIEW

Secretary of Agriculture Attends  
Meeting to Deal with  
Problem.

### LABOR DEPARTMENT ALSO INTERESTED

Washington, Nov. 9.—Farm labor  
supply for next year is being con-  
sidered at a conference in St. Louis  
which Secretary Houston of the de-  
partment of agriculture is on his way  
to attend. Representatives who sur-  
veyed rural labor needs in various  
states and cooperated with state coun-  
cils of defense and other state activi-  
ties charged with effective distribu-  
tion of all the farm help. Sec-  
retary Pearson are attending the con-  
ference of labor and Assistant Secretary  
Pearson are attending the conference,  
which will determine upon plans ex-  
tending with the department of labor,  
which is also represented. The con-  
ference will continue until Saturday.

### AGE LIMIT REDUCED.

Washington, D. C., Nov. 9.—Secre-  
tary Baker today reduced from 21  
years to 20 years and nine months the  
minimum age for students in the third  
officers training camp, which is to be  
opened in January for enlisted men.  
The purpose is to open the camp to  
men who will be 21 at the end of  
their three months' training.

## Lemon Juice a Beautifier

How to prepare a beauty cream at little cost. Says  
lemon juice alone is too highly acid. Try this  
on face, neck, arms and hands!

Many Women use just the juice of  
lemons to bleach or whiten the skin  
and to bring out the hidden beauty  
and the roses but pure lemon juice is  
acid, therefore irritating, and should  
be mixed with orchard white.

At the cost of a small jar of ordi-  
nary cold cream one can prepare a full  
quarter pint of the most wonderful  
lemon skin softener and complexion  
beautifier, by squeezing the juice of  
two fresh lemons into a bottle con-  
taining three ounces of orchard white.  
Care should be taken to strain the  
juice through a fine cloth so no lem-  
on pulp gets in, then this lotion will  
keep fresh for months. Every woman

knows that lemon juice is used to  
bleach and remove such blemishes as  
freckles, sallowness and tan, and is  
the best skin softener, smoother,  
and beautifier.

Just try it. Get three ounces of  
orchard white at any pharmacy or  
toilet counter and two lemons from  
the grocer and make up a quarter  
pint of this fragrant lemon lotion and  
massage it daily into the face, neck,  
arms and hands. It should naturally  
help to bring back to any skin the  
whiteness, the sweet freshness and  
flexibility of which it has been rob-  
bed by carelessness or trying atmos-  
pheric conditions.

To the Consumer:--

## WE believe that our UNCLE SAMMIE, when he placed a WAR TAX on us such as in- crease of postage, increase of freight and express rates, stamps on legal papers, etc., together with our donations to the RED CROSS and purchase of LIBERTY BONDS, intended that WE should bear OUR share of the WAR and not put it on the consumer.

We are therefore doing our utmost to give you merchandise as  
near the same old prices as possible, and in NO CASE are we  
charging a larger percentage of profit than before the WAR.
